Can somebody help me find my chest?

"No really, I'm serious! See, I've been remodeling this cold and moldy castle, right? So how was I to know that I'd wake up Queen Emelda – especially since the old bat croaked hundreds of years ago!

Anyway, Queenie-dearie wants to come back from the dead and rule the world – and the only way I can stop her and her monstrous minions is to find a secret scroll of spells, hidden in a big chest somewhere in this huge, 800-room castle.

Won't you help your poor, innocent little Mistress?"

Yours cruelly–
